**[EPA-HQ-OAR-2021-0114; FRL-9519-01-OMS]**

**Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Source Categories: Gasoline Distribution Bulk Terminals, Bulk Plants, Pipeline Facilities, and Gasoline Dispensing Facilities (Renewal)**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NESHAP for Source Categories: Gasoline Distribution Bulk Terminals, Bulk Plants, Pipeline Facilities, and Gasoline Dispensing Facilities (EPA ICR Number 2237.06, OMB Control Number 2060-0620), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through March 31, 2022. Public comments were previously requested, via the *Federal Register*, on April 13, 2021 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before [INSERT DATE 30 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OAR-2021-0114, online using [www.regulations.gov](https://www.regulations.gov) (our preferred method) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave., NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information

whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review - Open for Public Comments" or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Muntasir Ali, Sector Policies and Program Division (D243-05), Office of Air Quality Planning and Standards, U.S. Environmental Protection Agency, Research Triangle Park, North Carolina, 27711; telephone number: (919) 541-0833; email address: [ali.muntasir@epa.gov](mailto:ali.muntasir@epa.gov).

**SUPPLEMENTARY INFORMATION:** Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov>, or in person at the EPA Docket Center, WJC West Building, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

*Abstract:* The NESHAP for Source Categories: Gasoline Distribution Bulk Terminals, Bulk Plants, Pipeline Facilities, and Gasoline Dispensing Facilities applies to owners or operators of any existing or new gasoline distribution facilities that are an area source of hazardous air pollutants (HAP) emissions. In addition to the initial notification and notification of compliance status required by the General Provisions (40 CFR part 63, subpart A), respondents are required to submit one-time reports of start of construction, anticipated and actual startup dates, and physical or operational changes to existing facilities. Reports of initial performance tests on control devices at gasoline distribution storage tanks, loading racks, and vapor balance systems are also required and are necessary to show that the installed control devices are meeting the emission limitations required by the NESHAP. Annual reports of storage tank inspections at all affected facilities are required. In addition, respondents must submit semiannual compliance and

continuous monitoring system performance reports, and semiannual reports of equipment leaks not repaired within 15 days or loadings of cargo tanks for which vapor tightness documentation is not available.

*Form Numbers:* None.

*Respondents/affected entities:* Gasoline distribution bulk terminals, bulk plants, pipeline facilities, and gasoline dispensing facilities.

*Respondent's obligation to respond:* Mandatory (40 CFR 63, subparts BBBBBB and CCCCCC).

*Estimated number of respondents:* 19,120 (total).

*Frequency of response:* Initially and semiannually.

*Total estimated burden:* 214,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$25,400,000 (per year), which includes \$110,000 in annualized capital/startup and/or operation & maintenance costs.

*Changes in the Estimates:* There is no change in burden from the most-recently approved ICR as currently identified in the OMB Inventory of Approved Burdens. This is due to two considerations. First, the regulations have not changed over the past three years except to add electronic reporting for notifications that were already required under 40 CFR 63.9(b) and (j), which is not expected to increase burden. Also, the regulations are not anticipated to change over the next three years. Second, the growth rate for this industry is very low or non-existent, so there is no significant change in the overall burden. Since there are no changes in the regulatory requirements and there is no significant industry growth, there are also no changes in the capital/startup and/or operation and maintenance (O&M) costs.
